

Step by Step Guide to Take PCR/Antigen Test in Japan

Kinoshita Group offers budget quick solutions for PCR and antigen test in Japan. They have labs at Tokyo Haneda Airport (HND) Terminal 1 and 2, Osaka Itami Airport (ITM), Kyoto Shijo and others. You can find other testing facilities in webpages, for example, at <https://jp.usembassy.gov/services/pcr-testing-facilities-in-japan/> .

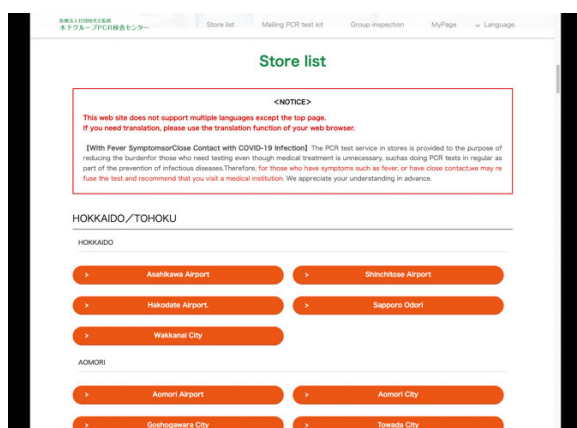

The following introduces how you can reserve the laboratory of Kinoshita Group and take your test. You need reservation, and on-site application will not be accepted.

0. Before you start, please prepare the language translation option of your web browser. Unfortunately most of their page is written in Japanese. I will use Google Chrome in this guide.

1. Visit Kinoshita Group's webpage at <https://covid-kensa.com/en/> .

2. You will find many laboratories all over Japan. Maybe you are interested in Kyoto, Tokyo Haneda Airport (Terminal 1 and 2), and Osaka Itami Airport. Unfortunately, they are not at Tokyo Narita Airport (NRT) nor Osaka Kansai International Airport (KIX). Kyoto Shijo is misspelled as 'Koyto Shijo.' The link to Haneda Terminal 1 is missing, but you can reserve at the webpage for Haneda Terminal 2.

3. I will click Haneda Terminal 2. Unfortunately it shows Japanese page.

4. But thank you Google. You would have no problem even though it is not perfect translation.

5. You will find the buttons for reservation. I recommend 'PCR test' (Red) and 'Quick Antigen Quantitative test' (Orange). Antigen Qualitative test (Green) is the cheapest, but has higher rate of false positive test result.

6. I will click the orange button for Quick Antigen Quantitative test at Haneda Airport Terminal 1. Then, Japanese page again. But thank you Google Translation. You are genius.

For customers who apply for inspection result notification with passport number [Please be sure to read]

We do not guarantee that the "Notice of Inspection Results with Passport Number" can be used as a travel document for all countries.
If you are going to take the test for the purpose of traveling overseas, please be sure to contact the immigration office of the country you plan to travel to and/or the airline company in advance to confirm whether or not you can travel abroad based on the contents of the notification issued by this inspection center.
In addition, in the case of quick (qualitative antigen) + PCR test, "test result notification" and "test result notification with passport number" will be provided only for PCR test, and for quick (quantitative virus), only end results will be provided.
If you need a "test result notification" or "test result notification with passport number" for both quick (qualitative antigen) and PCR test, please make a separate reservation for quick (qualitative antigen) and PCR test.
*Quick (quantitative antigen) + PCR test is only available at some stores.

12. Then, Japanese page again, and you will see the menu to enter applicant information.

13. Input your personal information. Input your surname and first name three times as the red names below. This looks stupid but Japanese applicants need the name information in Kanji, Hiragana and Roman types. Remember this page is a translation from Japanese.

17. This shows that they have sent you a confirmation e-mail.

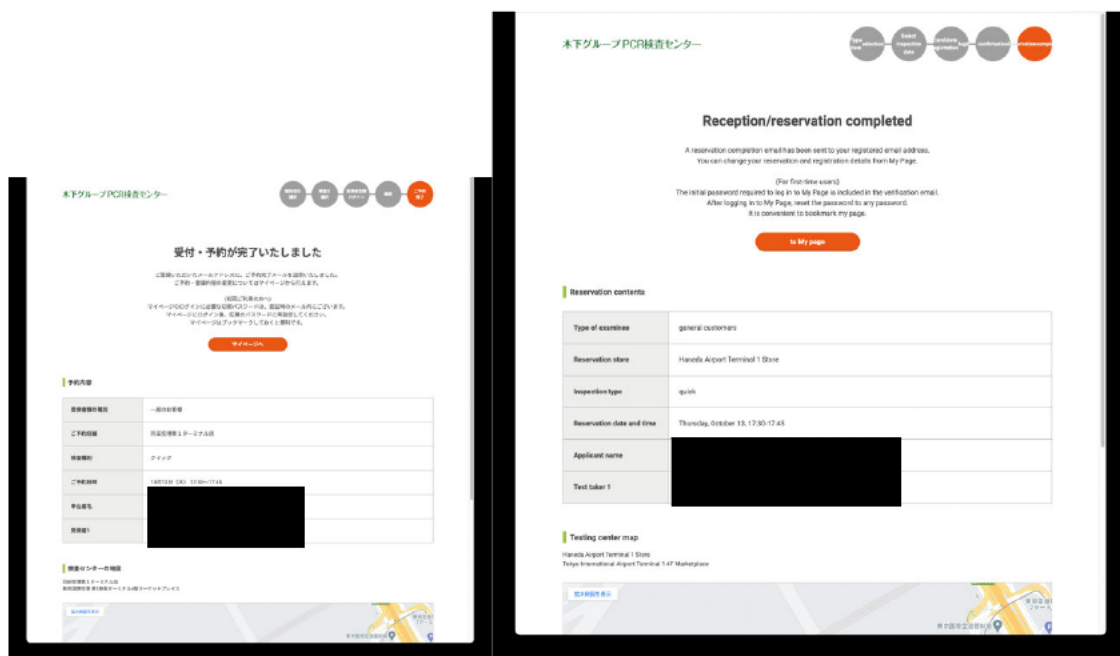

18. Check your e-mail box. The title and contents of the e-mail from Kinoshita Group are written in Japanese. But have no fear, if your e-mail system does not have translation function. Just click the blue button to confirm the reservation. This page includes the initial password for you to access your 'My Page' where you can check your PCR test result remotely.

<== Here is the initial password to enter your 'My Page.'

19. Then you will see the message that your reservation has been completed. But please be careful. This is NOT the end. This is very confusing. You have to input your vaccination information by the order of Japan Ministry of Health and Welfare.

20. Check your e-mail box again. You will find a notification e-mail of reservation. There are two URLs. The first is the link to your 'My Page.' The second is the link to input your vaccination information, which is mandatory by the order of Japan Ministry of Health and Welfare.

21. You can check your PCR test result at your 'My Page' by clicking the first URL.

22. Click the second URL. Then you visit Oath and Agreement page.

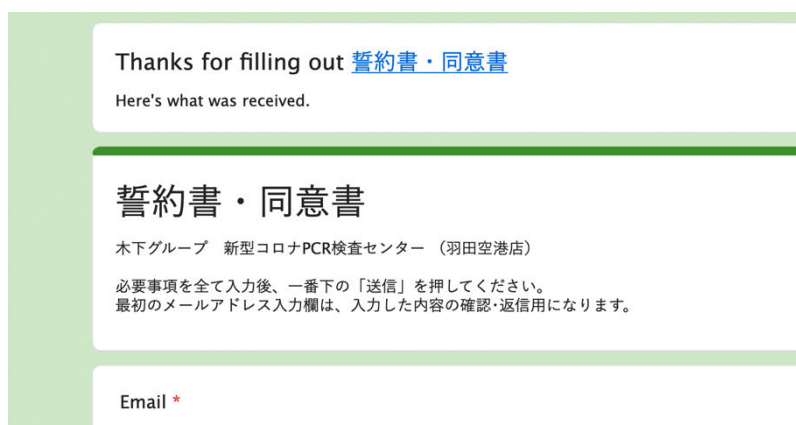

The image shows two screenshots of web forms. The right screenshot is the 'oath/agreement' page for Kinoshita Group New Corona PCR Test Center (Haneda Airport). It includes fields for Email, age selection (Over 12 years old or 11 years old and under), medical institution selection (Togo Kawasaki Rinku Hospital, Kinomoto Clinic Takadenobori, or Family doctor/designated medical institution), and acceptance checkboxes for the test results and boarding the aircraft.

The left screenshot is the '誓約書・同意書' (Consent Form) page. It includes fields for Name, Email, and Age, and checkboxes for accepting the terms and conditions, and for accepting the test results and boarding the aircraft.

23. Input your personal data. The following are tips.

- ✓ I recommend to input your mobile phone e-mail address. You have to show the confirmation e-mail sent to this e-mail address when you visit the laboratory.
- ✓ You have to accept every items. Otherwise, the laboratory will refuse your test.
- ✓ The date that you input at first is the date of signature.
- ✓ Input the address of your hotel. The hotel name should be sufficient.

24. Click Next and Submit. Then, you will receive the confirmation e-mail of the Oath and Agreement as follows. You have to show the e-mail when you visit the laboratory.

The screenshot shows a confirmation email template with a green header and footer. The main content area is white. At the top, it says "Thanks for filling out [誓約書・同意書](#)" and "Here's what was received." Below this is a green horizontal line. The title "誓約書・同意書" is in bold. The address "木下グループ 新型コロナPCR検査センター（羽田空港店）" is listed. A note in Japanese states: "必要事項を全て入力後、一番下の「送信」を押してください。最初のメールアドレス入力欄は、入力した内容の確認・返信用になります。" At the bottom, there is a label "Email *" with a red asterisk.

25. Congratulations. This is the end of your reservation.

26. Google map might not show correct locations of Kinoshita Group's laboratories when you input English names.

- ✓ Kyoto Shijo: Input the following address information.
Kyoto, Nakagyo Ward, Nakanochō, 542-2
- ✓ Osaka Itami Airport: In the rent-a-car station building.
- ✓ Tokyo Haneda Airport Terminal 1: At the 4th Floor
- ✓ Tokyo Haneda Airport Terminal 2: At the B1 Floor (underground)
